The “Collegian Connection”

Many of you may be wondering about the teaser messages via SMS that you have been receiving over the last few days! They are part of an advertising drive to raise awareness of the PTA’s brand new Business Directory, called “The Collegian Connection”.

This publication will be an 80 page, A5 landscape, full colour, high quality publication. In essence the publication will carry full colour business advertisements and will become a way of “connecting” Collegiate families and their businesses to the wider Collegiate family. Each High School and Junior School girl will be issued with a “Collegian Connection” and in this way it will have a wide circulation, reaching around 1500 Collegiate households.

The “Collegian Connection”, with the support of the Collegiate family, will become an effective first call reference for many families to access business information and services which they require from time to time. The Collegiate Schools will also use this Directory as the first port of call when buying products and services and in this way we will support our families and their businesses.

As most of you are aware, our Astro Turf was installed 5 years ago and owing to the limited daylight hours available in winter, our field has been underutilized. Floodlighting is necessary in order to ensure that our girls have enough practice time, and money raised by the “Collegian Connection” publication will be put towards this very worthy cause.

To make use of this wonderful opportunity to advertise your business, please be on the lookout for the “Collegian Connection” Brochure, which will be sent home with your daughter, or call the following people to secure your advertising space: **Alecia** on **041 364 1440** or **Peter** on **083 703 9500**.

COLLEGIATE JUNIOR SCHOOL FOR GIRLS
BLUE CIRCULAR: Keeping YOU connected and informed

From the desk of the Principal

Dear Parents

By now all families have been afforded the opportunity to enjoy a *family braai* on the school grounds. The Pre-Primary braai was held earlier this term and the Grade 1-7 classes met on Friday. The slight drizzle didn't put a dampener on the evening and all went off very well. These informal functions allow for parents and staff to interact on a social level and your attendance is always appreciated. Sincere thanks to the PTA, Mr Filmer and their respective teams for their organisation and efficiency.

KING AND I: Mr Stickells and his show team have been hard at work this term and tickets go on sale today. We wish the cast and all involved the very best as they add the finishing touches to the show over the next three weeks. It will be very exciting for our girls to perform on stage at the Opera House!

FATHER/DAUGHTER CAMP: The Cape Argus Cycle Tour necessitated a change in the date from 10 March to 3 March. The school supports the positive interaction between parent and child and it is my hope that dads embrace the opportunity that the PTA has created to camp on the grounds. The rules of the camp will be sent home via a notice and it will be up to the dads to set an example and be role models to the girls. This is a **dry** camp and dads who are not prepared to adhere to the “no alcohol” regulation are advised to stay at home.

VALENTINE'S DAY SALE: The Grade 7s transformed the hall last week and in no time it was a hive of activity. They raised over R 23 000.00 in their allocated time and the range and quality of goods on sale was impressive. Well done girls!

With best wishes

Mrs GM Robinson

“She may look like an angel but she can pack the nasty sting of a little queen bee.” This was Judith Ancer’s topic in her Parenting column yesterday (*Sunday Times Review*). She made reference to the American parenting educator, Rosalind Wiseman, author of *Queen Bees and Wannabes*. Wiseman has revised her first publication for a new generation of girls. She describes the different roles girls play in and outside of cliques as Queen Bees, Targets, and Bystanders, and how this defines how they and others are treated. The article and Wiseman’s book are well worth reading. We need to understand the girls’ complex world in order to assist them to make wise choices.

SGB ELECTIONS 2012:

School Governing Bodies (SGBs) are elected every three years as stipulated in the South African Schools Act, 1996 (Act 84 of 1996). Our 2012 parent election is planned for **20 March** and you will receive information about the **nomination** and **voting** process closer to the time.

THE HERALD EDUCATION SUPPLEMENTS

Please send any education supplements that appear in the Herald to school as we will make good use of them.

Thank you.

ATHLETICS: Eighteen girls took part at the P.E. West Athletics meeting on Saturday at the Westbourne Oval. Our girls did very well and we were very proud of them. There were only heats for the sprints and the final positions were calculated according to the times for each heat. The positions for the sprints are the girls' places in their individual heats and only those who were placed in the top four have a number (*) indicating their final position.

Congratulations to the twelve ** girls who will take part at the NMMetro Athletics meeting at the Oval on Saturday, 3 March. From Age 10 up, the top 3 positions in the field events and the top 4 in the track events were selected to go through.

Thank you to all the parents who supported their daughters on Saturday. The results are listed below.
