

CYCLE 1 - Day 1

Day 1

1. ORIENTATION FOR GIRLS RETURNING TO SCHOOL
2. Homework: Learn for ASSESSMENT on Fractions, Properties of Numbers & Multiplication. Complete INFORMAL TEST on Fractions instead of a BASELINE ASSESSMENT. Please submit this to me on jmiller@collegiate.co.za
3. HOMEWORK: Mass - Complete WORD SUMS: Prac Maths p124 No 6 (a-c). Remember to show THREE steps in working out. No 6d can only be completed once we have done long division.

Free day 1

1. **Listen to a FREE GRADE 5 ONLINE VIDEOS** on the link <https://www.worksheetcloud.com/live/grade-5-online-classroom/>.
2. Go to **14 July** and click in Mathematics and watch the video on MEASUREMENT CONVERSION. This video explains how to covert units of measurements from one unit to another. The accompanying worksheet and memo are included.
3. Although this video does not need to be watched immediately if time is a factor, it is well worth watching because this is an area that the girls battle with. It has been red flagged as such by the Dept of Education.
4. Complete Worksheet Cloud worksheet and mark.
